

# CORPORATE EMPLOYABILITY SKILLS

## About the Book

Centre for Education Growth and Research (CEGR) - a widely acclaimed think tank comprising of diverse industry and academic stakeholders, has taken up the issue of Corporate Employability Skills as one of its priority charters. Post conducting multiple rounds of survey and discussions, CEGR has brought out the most relevant and updated curriculum on Corporate Employability Skills. The contributors to this book are some of the leading names in Industry, Government and Academia. A pragmatic insight with real life case studies, examples and latest trends are some key components of the book, which will be of immense benefit to its readers. The editorial team has worked painstakingly to choose each topic, its contributors and relevant chapters ensure the value of the book is enhanced and enriched before it comes in the printed form.
