INDIA STUDY PROGRAMME AT BIMTECH: MBA STUDENTS FROM F H VORARLBERG, AUSTRIA

BIMTECH welcomed 16 MBA students and two faculty members, Prof Stefanie Chen and Prof Wilfried Manhart, from F H Vorarlberg University, Austria, on a 10-day visit under the India Study Programme.

The welcome address was delivered by Programme Directors Dr Reeti Kulshrestha and Dr Anupama Singh. The students, hailing from different countries such as Austria, Belgium, Croatia, the Netherlands, and Germany, attended various sessions conducted by BIMTECH faculty and industry experts.

The key sessions included discussions on religion, caste, and history by Prof Pratik Priyadarshi; culture and diversity by Prof Saloni Sinha; environmental issues by Dr S P Chandak; and sustainability and diversity by Shri Sanjay Vashist. A meditation session was conducted by Ms Himani. The field visit to Aravalli Biodiversity Park and NGO Protsahan India Foundation was coordinated by Mr Amardeep Burman. The site visits

included Tara Gram in Jhansi, providing practical insights into rural development, as well as the Taj Mahal and Agra Fort.

An enriching discussion on sustainability and diversity took place between MBA students from F H Vorarlberg and BIMTECH's PGDM students, moderated by Prof Stefanie Chen. This exchange fostered valuable discussions on regional challenges and innovative solutions, enriching cross-cultural perspectives.
